This presentation will provide a general overview of the purpose, principles and procedures found in the *Youth Criminal Justice Act*, and will address a number of common misconceptions about the criminal justice system as it relates to youth between the ages of 12-17.

Participants will gain an understanding of the ways in which youth in conflict with the law are treated differently than adults, with particular focus on the areas of diversion from the formal court process, bail, sentencing and youth records.

Level I: This session presents an overview of the youth justice system in Alberta and would best meet the needs of families and/or professionals with little to no knowledge of, or experience, with this topic.

This session is presented by the Community Education Service of the Child & Adolescent Addiction, Mental Health & Psychiatry Program (CAAMHPP) of AHS in partnership with [Alberta Crown Prosecution Service](#).
