Understanding and Supporting Mental Health in Gifted Children

Laura Flanigan, MSc., Registered Provisional Psychologist

FREE WEBINAR

This session will describe the occurrence and presentation of mental health issues (e.g., anxiety, depression) in children and adolescents who are intellectually gifted. It will also describe ways in which parents and schools can support gifted children experiencing mental health challenges.

**Wednesday, July 29, 2020
10:00 AM - 12:00 PM**
