Play with Purpose

The Impacts of Play on Development & Incorporating Play into Learning

Lisa Kaldenbach, M.A., Registered Psychologist
Ashlee Ellerbruch, M.C., Registered Psychologist
KidsConnect Psychology

Play is one of the most important and impactful ways children learn. In this workshop, we will explore a variety of skills that can develop through play, the different types and stages of play, as well as working through those tricky moments when conflict arises during play. By the end of this presentation, you'll have a better understanding and appreciation for play, and more playful tools that you can incorporate into your household or classroom!
