**** This session is meant for those over 18 years old, and is an adult learning module. This session is not meant for children or as a learning tool in the classroom. ****

Accessing treatment, reunifying with family members, and transitioning to adulthood are complex and challenging life events that are difficult for youth to navigate alone. Come and learn about the unique challenges as well as the programs and services available to help strengthen and enrich the lives of youth who have been in care and youth who are accessing treatment programs. Hear about how you can contribute to the growing body of individuals in the community who are helping address these issues alongside our youth.

This session is presented by the Community Education Service of the Child & Adolescent Addictions & Mental Health Portfolio & Psychiatry (CAAMHPP) of Alberta Health Services and in partnership with **Aspen Family and Community Network..**
