This session will discuss current concerns for individual users, police services, governments and businesses including: Information on "the deep web" and how that is impacting law enforcement and citizens, the importance of being involved in a child's internet experience, the importance of having a respectable internet footprint, how online predators target children, general risks associated with social media, and the phenomena of cyberbullying. Calgary Police Service resources dedicated to these issues as well as helpful tips, and links will be provided, followed by a Q&A opportunity.

**Level I:** This session presents an overview of cybercrime and would best meet the needs of families and/or professionals with little to no knowledge of, or experience, with this topic.

This session is presented by the Community Education Service of the Child and Adolescent Addiction, Mental Health and Psychiatry Program (CAAMHPP) of Alberta Health Services in partnership with RVS, MHCB Stepping Stones to Mental Health & CPS.
