The workshop is for parents, teachers, and administrators. We will explain why an inclusive education is important to a child's future and ask parents to consider pursuing inclusive education for their child starting from playschool and leading right through to college/university.

Highlights of the workshop:

- What does quality inclusive education look like?
- Adapting curriculum and instruction
- Facilitating Friendships in the classroom
- Parents - know your rights and find out how to ask what your child is learning.
