This workshop will provide an overview of the complex nature of Autism and ADHD, as well as the associated strengths and challenges. Executive functions are discussed, along with practical intervention techniques to promote long-term success in all areas of functioning. Valuable information regarding common medications often prescribed will also be reviewed.

This session is presented by the Community Education Service of the Child & Adolescent Addiction, Mental Health & Psychiatry Program (CAAMHPP) of Alberta Health Services in partnership with **Koru Family Psychology** and the **Sinneave Family Foundation**.
