The office of the Child and Youth Advocate (OCYA) is an independent office of the legislature that provides individual and systemic advocacy for vulnerable children and youth. Are you a family/community member, medical practitioner or other professional that supports vulnerable young people involved with Children Services or the youth justice system? Come to this session and learn how the OCYA can support your advocacy efforts to improve their experiences with these systems and ensure their rights are respected.

This session is presented by the Community Education Service of the Child and Adolescent Addiction, Mental Health and Psychiatry Program (CAAMHPP) of Alberta Health Services in partnership with
The Office of the Child and Youth Advocate
