

Community Education Service FREE ONLINE SESSION

Understanding Autism & ADHD to Promote Long-Term Success

Caroline Buzanko, PhD, Registered Psychologist,
Clinical Director, Koru Family Psychology

Register: <http://community.hmhc.ca/sessions/?p=online>

Session available until: March 31, 2020

This workshop will provide an overview of the complex nature of Autism and ADHD, as well as the associated strengths and challenges. Executive functions are discussed, along with practical intervention techniques to promote long-term success in all areas of functioning. Valuable information regarding common medications often prescribed will also be reviewed.
