

# Community Education Service

*Improving emotional health and well being*

## Bullying and ASD

**Dr. Adam McCrimmon, Registered Psychologist**  
Associate Professor, School and Applied Child Psychology program  
Founder and Director, Autism Spectrum Education, Research, and Training (ASERT) lab  
University of Calgary

Bullying, or peer victimization, is an unfortunate and common experience of those on the spectrum. This session will provide attendees with an understanding of how bullying is currently described, its frequency regarding those on the spectrum, and its impact. Strategies to address these concerns will also be discussed.

## FREE Webinar

**Thursday, February 11, 2021**  
**6:30 - 8:30 PM**
