*Improving emotional health and well being*

## Vaping & Youth

**Presented by: Health Promotion Facilitators, Community Health Promotion Services (CHPS), Mental Health Collaborative, Alberta Health Services**

Across Canada, e-cigarette use, also known as vaping, is reaching new heights amongst teenagers. This presentation will focus on common devices used for vaping, substances vaped such as nicotine and cannabis, and the health risks associated with vaping. We will present on how to engage in challenging conversations with your young person regarding vaping.
