Cherishing Parenthood: Understanding and Coping with Postpartum Emotions

Abigail Erasmus BA(ChSt), Family Support Coordinator

Robyn Macpherson ECE, BA(ChSt), Family Support Facilitator

Jessica Stokes Dip. in Social Work, RSW, Family Support Facilitator

Parent and Caregiver Support Services with the City of Chestermere

The postpartum period is an intricate tapestry of emotions, woven with the threads of joy, exhaustion, love, and vulnerability. New mothers often find themselves on an emotional rollercoaster as they navigate the profound changes that come with bringing a new life into the world and having their relationships change. Amidst the euphoria of welcoming their bundle of joy, there can be moments of overwhelming fatigue, self-doubt, and a spectrum of emotions that may catch them by surprise. Hormonal fluctuations, coupled with the demands of caring for a newborn, create a unique emotional landscape. It's crucial for new mothers to recognize and embrace this range of feelings, seeking support when needed, and understanding that these emotions are a natural part of the transformative journey into motherhood.

Monday April 8, 2024

10:00 am – 11:30 am
