A Vicious Cycle: The intersection of Mental Health, Addiction, and Sexual Exploitation

Tiffany Medeiros BA Psychology
Amanda Maki BA Psychology

Is a person you know in trouble? Would you know the warning signs?
Anyone can be a victim.

"People don't even know this is happening in our back yard. Right now at Chinook or Sunridge a youth is being groomed".

-Quote from a survivor

Awareness is the best tool to build capacity for prevention in community-based response. Join us for our session, "A Vicious Cycle" and learn about the red flags, resources, and how you can support the prevention of sexual exploitation in your community.
