Neurodevelopmental genetic conditions: A broad range of presentations and testing options

Billie Au MD, PhD, Clinical Assistant Professor, University of Calgary
Kara Murias MD, PhD, Assistant Professor, University of Calgary

Many neurodevelopmental conditions are either caused or influenced by an individual's genetics. This presentation will give an overview of how genetics can contribute to neurodevelopmental disorders. We will review most recent Canadian recommendations for genetic testing for neurodevelopmental conditions.

**October 23, 2024
6:30 pm - 8:30 pm**
