Raising Awareness of Developmental Coordination Disorder (DCD) & Learning about the Outcomes of DCD

Paulene Kamps Ph.D., R. Psych., C. Teach., DCD Advisor & Advocate

Developmental Coordination Disorder (DCD) Awareness Week is October 13th -19th

This session is designed to bring awareness to this condition & highlight some key points about DCD.

Topics discussed in the presentation include:

- How my background, life experiences, unique training, & inquisitive mind led me to learn about DCD & its high prevalence rates
- The information & surprising trends of DCD as recorded in each of the APA's DSMs since 1987
- The early 'red flags' that are seen & the diagnostic criteria associated with DCD as per the DSM (2022)
- How the signs, symptoms, & outcomes of DCD mimic autism spectrum disorder (ASD), ADHD & other conditions
