

COMMUNITY EDUCATION SERVICE

Improving emotional health and wellbeing

2SLGBTQI+

What do parents and professionals really
need to know and do?

Primary Care Alberta, Sexual & Reproductive Health, Calgary Zone

Tuesday Sept 22 2026

6:30 - 8:00

Parents, guardians, and supportive adults want children to be healthy and happy. Caring, supportive families and communities can help make this happen. By coming together and sharing clear, respectful information about 2SLGBTQI+ communities, we can support all children and youth and strengthen our communities. We can work together to build healthier families and communities by:

- Learning about terms related to sexual orientation and gender identity
- Considering ways to help everyone in our families and communities feel safer and welcomed
- Exploring specific ways to support children, youth, family members who identify as 2SLGBTQI+
